

VISION

We desire a healthy, growing PCG church in every city within our district jurisdiction where the gifts of men and women of God can be put to best use to glorify God.

Divide and conquer! Sections are grouped by adjoining counties, not just existing churches. There is no PCG church in some counties. It is our responsibility to see that we have a Spirit-filled witness, especially in towns of 10,000+ and county seats. Each section should agree on targeting a specific location.

Plant and nourish! The “mother-church” concept is the best way to facilitate growth. When a church is able, it should consider sending out a minister and supporting a church plant with people and finances. Mother churches experience joy, renewal and increase as they give birth. Smaller churches in proximity should unite to do the same thing. Sections are encouraged to pool their resources to see new works established and on their feet.

To God be the Glory! We desire to honor the Lord in all we do and continue faithful and diligent in our labor for Him. One day soon, we hope hear Him say, “Well done.”

The Pentecostal Church of God

We exist to exalt the Lord, edify the Church and evangelize the world.
